Spotlight

Jasmine Culver

BGCGW

Director of STEM Programming

Affectionately known as Ms. Jas, BGCGW's new Director of Science, Technology, Engineering, and Mathematics (S.T.E.M.), has served as a Youth Development Professional for over 21 years and facilitated within the arena of S.T.E.M. for a combination of ten years and leading as a part of the BGCA Movement for an additional four years.

Ms. Jas has a background in Business and Sociology, and she has held Directorship Positions for Girls Scouts of Eastern Pennsylvania as well as Regional Lead for the Army Education Outreach Project initiatives.

In her free time, Ms. Jas enjoys hanging out with her friends as well as pursuing her Girl Scout roots by camping, hiking, and gardening. She also loves baking, skydiving, watercolor painting, traveling to visit theme parks, and fellowshiping with her Church family.
